The 79th NY Company "C" Highlanders are part of the Cameron Highlanders of the Northwest, a registered 501 (c) (3) non-profit, community oriented, youth organization. The Cameron Highlanders of the Northwest was established to help young people prepare to face today's challenges, and promote Scottish-American culture, traditions, and values. Tradition defines the scope of our mission as the transmissions of values, customs, and beliefs, from one generation to the next. This tradition encompasses the past, present, and future, and is central to the Cameron Highlanders of the Northwest. Civil War reenacting is only one part of our overall mission. Family and service to our community are also part of who we are. Join us for a rewarding trip back into history. Heritage, leadership and community service. That's what sets us apart. Join us today!
